## **Tech**

All engines will be sealed immediately after Heat race.

Handlers are responsible for their engine sealing by a track official.

Top three finishers in each class will be impounded after the Main Event.

All cars signed in are subject to tech at any time during the event.

## **Fuel/Tires**

**Mandatory fuel: Chevron midgrade 89 purchased at Chevron 4610 W Tropicana Ave. Corner of Tropicana Ave and Cameron.**

**No Fuel Containers over 5 gallons. 5# Fire Extinguishers Must be at ALL TRAILERS(NV fire marshal).** Fuel and oil may be checked at Tech's discretion. AA's and Half's will have a 5-minute time limit to refuel during mains. All drivers not ready to race when time expires will be sent to the pits and will start at the back, if they return before the green flag.

Nascar Youth Series Tire Rules.

All drivers that will participate in the A main will purchase a tire voucher online for the tires, that must be utilized during the A main event. Tires will be marked and/or branded across the racing surface of the tire to ensure no alteration of the tire for racing. Tires may be mounted at your trailer. When handler/driver comes to staging the brand must be on the tire and tires must still be in "virgin" condition. Tires not meeting the "virgin" criteria must be replaced with another set purchased at the designated location. *Tires must remain untouched, no grinding, scotch brite, needling, sanding, etc... Cars will enter staging/track on unaltered "virgin" tires.*
